Town and County Matters

ANTELOPE.—This little town, north-west of our twenty-five miles, is taking a new start since the railroad has been graded through the place, and numerous improvements are contemplated in the spring. Mr. G. B. Lewis, one of the wealthy land owners of the place, is about to erect a hotel of large dimensions to accommodate railroad and other travelers. There are already stores, harness shop, blacksmith shop, saloon, etc. There is no doubt Antelope, from its favorable locality on the railroad and its distance from other villages will soon become quite an important town. Other little towns will also spring up in this county on line of the new road, so that the population and taxable property of the county will be very materially increased.

MRS. EDWARDS' CONCERT.—Our citizens are looking forward to this occasion—the evening of St. Valentine's Day, February 14th—with pleasant anticipations. Mrs. Edwards' pupils are making wonderful proficiency in music, both vocal and instrumental, so that with the aid that has been secured from other local talent, a musical treat may be looked for such as is rarely offered outside of the large cities. We have not learned the entire programme, but expect to have it next week. The concert will be given in Washington Hall, which will hold all who desire to attend. Tickets 50 cents—children 25 cents.

A CHANGE.—Prof. W. M. True, teacher of the Commercial Department in Hesperian College for several months past, left his position rather unceremoniously a few days ago, and on Sunday last left for San Francisco, where we learn he has secured a more lucrative position. One of Prof. True's graduates, Mr. S. J. Sill, a young man of fine attainments and excellent character, is now installed as teacher of the Commercial Department for the remainder of the term.

J. H. EATON & SON keep fresh apples—Oregon, Lemons and Cocoanuts constantly on hand.

NEW SAFE.—We call attention to the new advertisement of the Detroit Safe Co., for which W. C. Williams, 37 Fourth street, Sacramento, is the Pacific Coast agent. These safes are fire and burglar proof, and have Sargent & Greenleaf's double chronometer lock attachment, which prevents the safe being open till the hour arrives for which it is set, even by the owner. It is without doubt, one of the very best, if not the best, safes ever invented.

NEW DOMESTIC ARTICLE.—The discovery of the Ventura soap mine was at first thought to be a humbug by the naturally incredulous, but a single trial has convinced the most skeptical that the rock soap is, on the contrary, one of the very best articles in domestic use—a real boon to the housekeeper, far surpassing in efficiency anything that science or art have ever invented. Read the advertisement of "Rock Soap" for further particulars.

J. H. EATON & SON keeps all kinds of fresh garden seeds, Sugar Beet and Seed Potatoes.

COMPLIMENTARY.—We have received complimentary invitation to attend the grand masquerade ball to be given by the Frahm Bros., proprietors of the City Hotel Dixon, on Washington's Birthday. This will be a very extensive and grand affair, gotten up in the same liberal style as everything is with which these gentlemen are connected. Tickets can be procured in Woodland from Mr. C. Barr.

NEW DEPARTURE.—As will be seen by a communication elsewhere, County Assessor Beamer proposes to comply with the law and assess property at its actual value. This of course will make no difference in the amount of taxes to be raised, but if carried out strictly will equalize taxes exactly—all property paying according to its actual value.

OFFICERS ELECTED.—At a meeting of the Thespian Literary Society on Saturday evening, the following officers were elected: President, Miss Minnie C. Bell; Vice-President, Miss Lulu Dietz; Secretary, C. F. Thomas; Treasurer, Miss Genoa E. Lawson. This Society will hereafter meet every Monday evening, in Good Templars' Hall.

NEW PROPRIETOR.—Mr. S. Davidson, a real live business man has purchased the business of A. Kierski, and has already gone below for new goods including a full stock of cigars tobacco, etc. It will be seen that Mr. Davidson reserves space for particulars which will appear next week.

ERROR.—The composers made a mistake last week in mentioning County Treasurer Keane's settlement with the State on the 27th ult. He paid into the Treasury \$48,312.20, instead of \$58,312.20, as stated—a mistake in one little figure making an apparent difference of \$10,000.

LEVELING.—Messrs. Tybbs and Hunt are leveling off their fine lot east of the Gas Works.

To the Taxpayers of Yolo County.

As the time for making the annual assessment for State and County taxes is approaching, I desire to call to your attention some provisions of the statute fixing the duties of Assessors. Section 904 of the Political Code provides, that before any officer enters on the duties of his office he must take and subscribe an oath that he will support the Constitution and that he will faithfully discharge the duties of his office to the best of his ability.

Section 3,627 provides that "all property must be assessed at its full cash value." Section 3,617 declares that "the term full cash value means the amount at which the property would be appraised if taken in payment of a just debt due from a solvent debtor."

Section 3,652 requires the Assessor, on completing the assessment, to take and subscribe the following affidavit: "I, _____, Assessor of _____ County, do swear that between the first Monday in March and the first Monday in July, eighteen hundred and _____, I have made diligent inquiry and examination to ascertain all the property within the county subject to taxation, and that I have assessed it on the assessment book, equally and uniformly according to the best of my judgment, information, and belief, at its full cash value; and that I have faithfully complied with all the duties imposed on the Assessor under the revenue laws; and that I have not imposed any unjust assessment through malice or ill will, nor allowed any one to escape a just and equal assessment through favor or reward."

On my election to the office of Assessor of this county, I took the oath to faithfully perform my duties. Nor is this the only obligation that rests upon me. My duty to the people of the county, to the party that supported me, and to the friends who aided and elected me, is clear. I must obey the laws, and must strive, so far as in me lies, to enforce those laws without fear or favor.

It will therefore be my duty to list all the property in the county, and to assess it at its full cash value. It will be my duty to reject all such notions as that property has one value for purposes of sale and another value for purposes of assessment. It will be my duty, in all cases, to apply the rule laid down in Section 3,617, above cited.

I know that this is a new question in this county, and that the law has not been heretofore followed. I regret that this is so, for the duty is now made a harder one. I desire to cast no reflection on my predecessors, for I believe that they have endeavored to do their duty according to their knowledge; but I can not shut my eyes to the plain commands of the law, and I have no option but to obey.

I desire that you will think of these things, and in considering them try and place yourselves as nearly as possible in my position.

Next week I hope to lay before you some additional considerations on the subject, and till then I trust that the matter will receive your careful consideration.

R. H. BEAMER, Assessor Elect.

J. H. EATON & SON keep a well selected stock of groceries, provisions and queensware, and are selling very cheap.

DISTRICT COURT.—When we went to press last week, the case of Wright vs. Laugenour was still on trial.

Diehl vs. Barrett—Tried and submitted for argument.

S. H. Mitchell vs. B. Root and J. R. Lowe—Action dismissed as to defendant Lowe, and judgment rendered by default against B. Root.

Garey & Frazer vs. Diehl et al.—Tried, submitted, and decree of foreclosure and sale ordered.

Morgan & Parmeter vs. S. C. Steel—Case tried and judgment rendered for plaintiffs.

Wilson vs. Seabold—Case tried and submitted for argument.

Lewis & Dutton vs. F. A. Miller et al.—Tried and continued for argument.

J. H. EATON & SON pay the highest price for eggs and poultry.

"WORK AND PLAY" is an illustrated magazine for girls and boys, of which we have received the January number, containing an interesting list of articles. Published by the Working Church Publishing Company, 57 Bible House, New York, at one dollar a year; single copies, ten cents.

DALE & CO.—We ask the attention of our readers to the new card of this old Sacramento house. Mr. Dale superintends personally, and is one of the most pleasant and gentlemanly business men with whom it has been our lot to come in contact.

DEAD.—People wonder if the matter of the fire engine and water supply is entirely dead? It would seem so. The money was raised some time ago, but nothing seems to be done about the cisterns. The engine is ready.

J. H. EATON & SON have just received a fine lot of Eastern canned goods including fresh peas, beans, corn, tomatoes, blueberries and other fruits; also pure maple syrup, clams and salmon.

J. M. WOOD.—This gentleman is preparing to give a grand concert in Sacramento shortly. He will probably favor our people in a few weeks—similarly some time in March.

IMPROVEMENT.—Mr. C. L. Beach has graveled the sidewalk in front of his home premises.

THE NATIONAL GOLD MEDAL was awarded to Bradley & Robinson for the best photographs in the United States, and the Vienna Medal for the best in the world. 429 Montgomery Street, San Francisco.

Driven to Death.

We are an over-worked people. The almighty dollar is pursued with a frenzy which admits of few pauses or breathing spells. How frequently one hears the phrase "driven to death" implying all that it does of physical exhaustion and mental excitement. Among artificial recuperators of exhausted energy there is not one that so powerfully counteracts the effects of fatigue as Hoyer's Stomach Bitters, and next to that natural rest for which nothing can wholly compensate, it is the best and safest resource of those who are obliged, or think that they are, to undergo an excessive amount of labor. Against the hurtful effects of exposure upon the sensitive organs, the Bitters are likewise an efficient protective. A dose or two will often counteract the effects which a severe weathering, either otherwise produces, and the danger arising from unhealthy or fatiguing occupations is materially lessened by the daily use of this most reliable fortifying cordial, which possesses the additional recommendation of being an excellent antiseptic, or means of retarding bodily decay, a fact sufficiently proven by its recuperative effects in all diseases of a depleting and exhaustive nature.

People who are obliged to take their meals in a hurry, or under circumstances which prevent that repose which the mind should enjoy during the process of deglutition, are notoriously the victims of dyspepsia. They may, however, avoid a great measure of the varied torments inflicted by that Proteus of maladies, by swallowing after each meal a wineglassful of the National Stomachic.

Vacant Places.
In the dental ranks will never occur if you are particular with your teeth, and cleanse them every day with that famous tooth-wash, SODIUM. From youth to age it will keep the enamel spotless and unimpaired. The sweet and fragrant breath is preserved, the pearl-like whiteness, and the zones of a rosy hue, while the breath is purified, and rendered sweet and fragrant. It is composed of antiseptic herbs, and is entirely free from the injurious ingredients of Tooth Pastes, etc.

To the Country Press of the Pacific Coast.

The undersigned respectfully request the proprietors of all country newspapers published on this coast to meet in convention at San Francisco, at the Occidental Hotel, on Monday, February 13th, 1876, at one o'clock p.m., then and there to take into consideration the question of increasing our business in the way of advertising, and any other matters which may be brought before the assembly, and also to take steps towards the formation of a Press Association.

HOW TO AMUSE THE CHILDREN.—Parents are often at a loss to find amusement for the young people, which will at the same time instruct their minds, cultivate the taste, and give them an appreciation for the beautiful. A new and interesting art has recently been introduced to the public called "Dentalism," or Transfer Pictures. These pictures are printed on paper, in many colors and sizes, and almost every subject, such as Heads, Landscapes, Flowers, Animals, Leaves, Insects, Comic Figures, etc., which can be instantly and permanently transferred to any surface, such as Fans, Work Boxes, Vases, Flower Pots, Furniture and various articles of household use. When transferred these pictures, in beauty of color and artistic design, rival the original. The art is easily acquired, and children even, after a brief explanation of the process of decorating articles with these pictures, can, with ingenious and highly interesting to young and old. The manufacturers of these pictures, Messrs. J. L. Patten & Co., 102 William Street, New York, have by mail sent out, for a small fee, ten selected samples of these pictures, full instructions for transferring the same, with 21 page catalogue, ten cents, or fifty cents they will send one hundred attractive pictures.
